## INTERNATIONAL BIOLOGY CONFERENCE 2024

 October, 02-04, 2024

 ICISE, Quy Nhon, Vietnam

### Conference Themes

In 2024, the BIO2024 Quy Nhon will focus on the general themes **"From Connections to Collaborations"** in different sectors of life sciences with the following topics:

- Fundamental and applied researches in the field of plant biotechnology
- The diversity and importance of microbiology in addressing current global challenges, such as food security, environmental sustainability, and health.
- Application of advantages from OMICS, big data analysis and artificial intelligence in improvement of human healthcare, food safety, and environment.

There will be 4 concurrent sessions, respectively:

▪ **Plant Biology** ▪ **Microbiology** ▪ **Human Biology** ▪ **Animal Biology**

### Conference format

The conference will use a range of formats: Keynote speaker presentations in the plenary session, poster exhibitions, oral presentations in the parallel sessions, exhibitions from private companies and enterprises operating in the fields of Biology, Medicine and Pharmacy, Agriculture and Environment.

The excursions will also be offered to raise the opportunity for all participants to visit the beautiful places around Quy Nhon city and to build-up network.

For General Inquiry: Dr. Nguyen Van Phuong - [nguyen-van.phuong@usth.edu.vn](mailto:nguyen-van.phuong@usth.edu.vn)

For Exhibition & Sponsorship Inquiry: Dr. Tran Thanh Son - [tranthanhson227@gmail.com](mailto:tranthanhson227@gmail.com)

## Important Dates

**15/08/2024**

Abstract submission deadline

**30/08/2024**

Acceptance announcement

**02-04/10/2024**

Conference date

- In Science, We Share! -

## Conference activities

**Plenary session:** A total of 8 local and international keynote speakers will give their talk in the plenary sessions. Please explore the homepage of the conference to learn more about the invited keynote speakers, the title and abstract of their oral presentation.

**Concurrent sessions:** Delegate oral talks will be presented during parallel sessions. Detailed regarding the number and arrangement of the parallel sessions will be posted on the homepage of the conference after we have received and evaluated the abstracts

**Outdoor activities and Team building:** This session will provide more time for delegates to freely discuss, exchange, and promote networking amongst researchers. This session will be organized in the afternoon of day 3. The conference will be closed by the end of this activity. Delegates can feel free to discover around Quy Nhon city and enjoy its delicious seafoods. More details will be informed you officially.

**Conference Awards:** The awards will be designated to reward presentations of excellent investigation. A committee of experts will evaluate the abstracts and presentations. The conference will also reward the excellent women scientists and good Vietnamese ethnic-minority researchers. Organizing Committee will select 10-20 high-quality abstracts and ask their author to prepare full manuscript to submit to Agrica or Academia Journal of Biology (VAST2). The APC is free and fast publication process.
