Cover letter for Sponsorship

Dear Sir/Madam,

First of all, we would like to send our best wishes to you and your company. Wishing you and your company a lot of success!

With robust support from Rencontres du Vietnam and the International Centre for Interdisciplinary Science and Education (ICISE), we are delighted to announce the organization of the International Conference on Advanced Microscopy for Life Sciences and Materials (ICAM2026), scheduled to take place from February 25-27, 2026, at ICISE, located in Quy Nhon City, Gia Lai province, Vietnam. <https://icisequynhon.com/conferences/2026/ICAM2026/index.html>

After the success of our events related to microscopy such as VWM-2024 <https://icisequynhon.com/conferences/2024/vwm2024/program.html>, and a series of NanoBioCoM started from 2023 until now, we would like to organize the International Conference on Advanced Microscopy for Life Sciences and Materials in Vietnam aimed to gather microscopists in the world, South East Asia, and Vietnam together and prepare for the re-establishment of Vietnamese Society of Microscopy. We expect to have approximately 150 – 200 attendees and guests come to our conference, where we offer research scientists and graduate students who are working in the field of advanced microscopy in life and materials sciences. Furthermore, a workshop for short training courses on basic and advanced microscopy is also provided for excellent undergraduate students, graduate students, master and doctoral students and young scientists to gain access to advances in microscopy applied in life and materials science.

The topics of the ICAM2026 will focus on the advanced imaging techniques such as light (epifluorescence and confocal microscopy, electron (TEM, SEM, Cryo-EM, EBSD) and atomic force microscopes (AFM), as well as image data processing for life and materials sciences.

We would like to offer your company an opportunity to promote and sell the company's products to many potential customers working in advance microscopy.

But events like this can be expensive, and to make sure our operations run smoothly and our guests receive the best experience possible, we need your help. With venue rental, catering, permits, licensing, parking, foods, hotel, and transportation, a sponsorship from your organization will bring us closer to having the perfect event. If you choose to sponsor our event, please see sponsorship packages in the attached file.
